

get_RNA_matrices

```
graph TD; A[get_RNA_matrices] --> B[RNA_corr_PCA_all]; A --> C[RNA_corr_PCA]; B --> D[all]; C --> D;
```

A flowchart with four nodes in rounded rectangular boxes. The top node is 'get_RNA_matrices' with a green border. It has two arrows pointing down to 'RNA_corr_PCA_all' (blue border) and 'RNA_corr_PCA' (green border). Both of these nodes have arrows pointing down to a final node 'all' (yellow border).
